

VINOTHA V

Software Engineer | Full Stack Developer | Android App Developer

Perambalur, Tamil Nadu · +91 9443356819 · vinotha1438@gmail.com

github.com/vinotha1438 · linkedin.com/in/vinotha-v-674190312 · Portfolio: github.com/vinotha1438/portfolio

PROFILE

Enthusiastic Full Stack Developer and Android App Developer with hands-on experience building production-ready applications. Developed SpendWise, a full-stack personal finance Android app with real-time sync, JWT auth, MySQL database, and Tamil/English multilingual support — deployed on Vercel. Skilled in React, Node.js, Express, Capacitor, and modern web technologies. Passionate about solving real-world problems through technology.

TECHNICAL SKILLS

Frontend: React.js, Vite, Tailwind CSS, HTML, CSS, JavaScript, react-router-dom, react-i18next

Backend: Node.js, Express.js, PHP, REST API Design, JWT Authentication, Socket.io

Database: MySQL, MongoDB

Mobile: Capacitor (Android App Development), PWA

Tools & DevOps: Git, GitHub, Vercel, Render, Aiven (MySQL Cloud), Jest (Testing)

Programming: Python, Java, C

PROJECTS

SpendWise — Personal Finance Android App

2024 – 2026

React, Vite, Node.js, Express, MySQL, Tailwind CSS, Capacitor, JWT, Socket.io | github.com/vinotha1438/SpendWise

- Built a full-stack personal finance Android app with expense/income tracking, multiple account management (Bank/Cash/Wallet), savings goals, and recurring expenses
- Implemented real-time multi-device sync using Socket.io — changes on one device instantly reflect on all other logged-in devices without page refresh
- Designed Single Source of Truth architecture — account balances maintained incrementally ensuring 100% data consistency across Dashboard, Reports, and Analytics
- Integrated Google Sign-In (OAuth) alongside JWT email/password authentication
- Built multilingual support (English/Tamil) using react-i18next with full UI translation
- Wrote Jest unit test suite covering account balance logic — add, edit, delete, cross-account transfer correctness
- Deployed on Vercel (frontend), Render (backend), Aiven managed MySQL — \$0/month infrastructure
- Packaged as Android APK using Capacitor; supports PWA installation on desktop/mobile

Smart Real-Time Speech Recognition & Text on OLED Display

2025 – 2026

Hardware Project — Python, OLED Display | Team Project for Hearing Impaired

- Built hardware assistive device converting real-time speech to text on OLED screen for hearing-impaired users
- Won 2nd Prize at Project Expo (Dept. of IT, MAMCET) and Project Excellence Award at College Symposium — April 2026

User Registration System

2024

HTML, CSS, JavaScript, MongoDB, Node.js

- Built user registration form with frontend validation and MongoDB backend integration

Spam Mail Detection

2024

Python, Pandas, NumPy, Scikit-learn, Keras

- Developed ML model to classify spam emails using text preprocessing and classification techniques

INTERNSHIP EXPERIENCE

Full Stack Developer Intern — Dashboard Development

- Built responsive dashboard using HTML, CSS, JavaScript, PHP, and MySQL with dynamic backend integration

Python Intern — Game Development

- Developed Snake Game using Python with event handling, score tracking, and game logic

EDUCATION

B.Tech, Information Technology — M.A.M College of Engineering and Technology <i>CGPA: 8.34 Honor Degree Track (6 additional papers)</i>	<i>2022 – 2026</i>
HSC — Shanthi Nikethan Matric Hr. Sec. School <i>82.66%</i>	<i>2021 – 2022</i>
SSLC — Shanthi Nikethan Matric Hr. Sec. School <i>93%</i>	<i>2019 – 2020</i>

ACHIEVEMENTS & LEADERSHIP

- 2nd Prize — Project Expo, Dept. of IT, MAMCET (April 2026) for OLED speech-to-text project
- Project Excellence Award — College Symposium (2025–2026) for OLED project
- Honor Student — completed 6 additional academic papers under honor degree track
- Selected for Employability Skills Training Program (10 out of 60 applicants)
- Paper presentation: Data Warehousing for IoT — Moogambigai College of Engineering
- Participated in AI-Powered Dermatology Hackathon — Anna University, Trichy
- Participated in Code Relay — MCE College, Pudukkottai
- Attended workshop on Network Simulation Tool and Full Stack Automation CI/CD webinar
